TOMATO TRENDS BY AREAS

With Particular Reference to Northeastern States

STATISTICAL SUPPLEMENT

by
William Kling
Assistant Agricultural Economist

Washington, D. C.
February 1942

CONTENTS

Page

Commercial tomatoes for market
- Acreage for harvest 1
- Yield per acre 2
- Production (annual, by groups of marketing areas and for six Northeastern States) 3
- Production (averages and annual, by groups of marketing areas and for individual States) 4
- Farm price (annual, by groups of marketing areas and for six Northeastern States) 6
- Farm price (averages and annual, by groups of marketing areas and for individual States) 7
- Value per acre 9

Commercial tomatoes for processing
- Harvested acreage 10
- Harvested yield per acre 11
- Production (annual, by areas and for six Northeastern States) 12
- Production (averages and annual, by areas and individual States) 13
- Farm price (annual, by areas and for six Northeastern States) 14
- Farm price (averages and annual, by areas and individual States) 15
- Value per acre 16

Table 1.- Acreage for harvest of commercial crop of tomatoes for market[1] by groups of marketing areas[2] and for six Northeastern States 1918-41

Year	United States	Marketing group									Six Northeastern States					
		Early (1)	Early (2)	Second Early	Total	Fall	Late (2)	Total	Inter-mediate	Late (1)	Total	Dela-ware	Mary-land	New Jersey	New York	Penn-sylvania	Vir-ginia	Total

1/ Excluding some market garden production. 2/ See pages 4-5 for component areas of the different marketing groups.

3/ Includes the following quantities not harvested because of market conditions.

Second Early 1934, 830,000 bushels; 1938, 195,000 bushels; 1940, 78,000 bushels; 1941, 33,000 bushels

Intermediate 1931, 168,000 bushels (including 70,000 bushels in Virginia); 1932, 50,000 bushels; 1933, 132,000 bushels (including 105,000 bushels in Virginia)

4/ Preliminary.

Compiled from annual mimeographed reports of the Agricultural Marketing Service on commercial truck crops for shipment and summary tables issued May 7, 1937 and October 1939 for years 1918-27 and 1928-37 respectively.

Table 4.- Production of commercial crop of tomatoes for market, by groups of marketing areas and States, 1918-41 1/
